ABOUT NUHS FUND

NUHS Fund is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

The charity was set up to promote medical research and development as well as provide health related services for the benefit of the Singapore Community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

© This report is intended for donors. Please contact the NUHS Development Office at (+65) 6772 5552 or nuhsfund@nuhs.edu.sg should you wish to share this report with others.

OVER THE PAST 12 MONTHS,

1,177
beneficiaries and their families received support of \$3.59 million

1,747
applications were approved

29%
of beneficiaries had more than one application approved

You made this possible.
Spread the word.

Invite your friends and family to support what you believe in!

- Enter "(mobile number)+DR" in the Description field.
- Fill in your details* at bit.ly/paynownuhsfund for receipt and tax deduction.

*NRIC must be provided for tax deduction. Donations of \$10 and above are eligible for tax deduction.

BY CITIZENSHIP

Based on application data

Majority of our applicants are Singaporeans.

74%
Singaporeans

19%
Permanent Residents

7%
Resident Foreigners

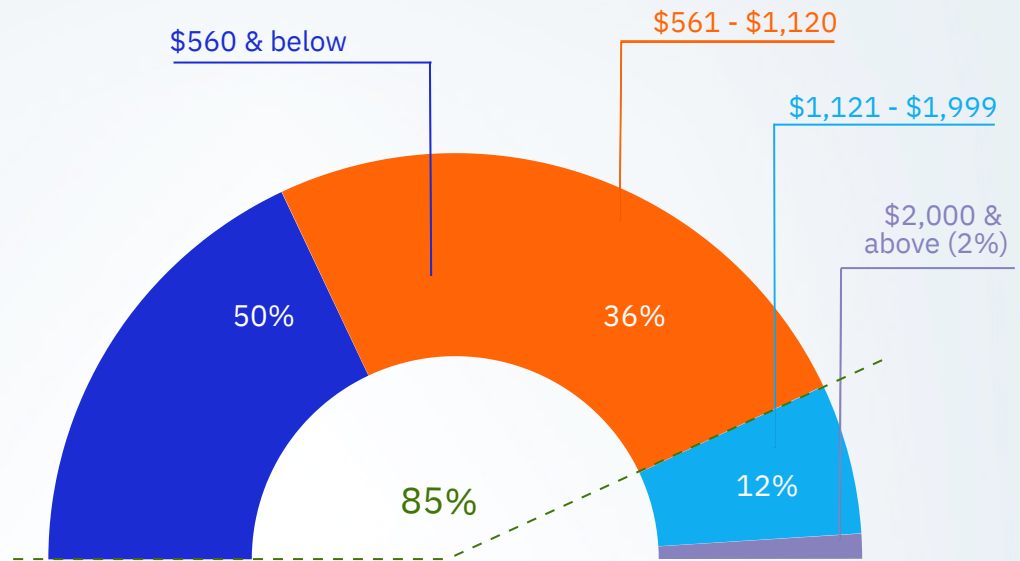

Support is given to Singaporeans and Permanent Residents for costs not supported by other assistance schemes.

The fund also supports Resident Foreigners who have spent a "reasonable" time in Singapore and are part of our Singapore community.

BY PER CAPITA INCOME (PCI)

Based on application data

86% of applications come from the **lowest 20% PCI** of our community, measured by Department of Statistics (Household Income), 2021.

BY AGE GROUP

Based on dollar amount supported

Chronic diseases are prevalent among beneficiaries aged 45 and above.

Your Gift Matters!

Lisa* was born with multiple congenital anomalies. She suffers from gastroesophageal reflux disorder, cyclical vomiting syndrome and hearing loss. Due to her condition, she requires fortified milk formulas and continuous feeding via PEG tube.

Lisa's mother is the sole breadwinner of the family and she earns a nominal income as a part-time cleaner. She is unable to get a full-time job as she also needs to provide care for her father who suffers from multiple heart and eye health issues, affecting her ability to afford the cost of the feeds as her income is often only enough for living expenses.

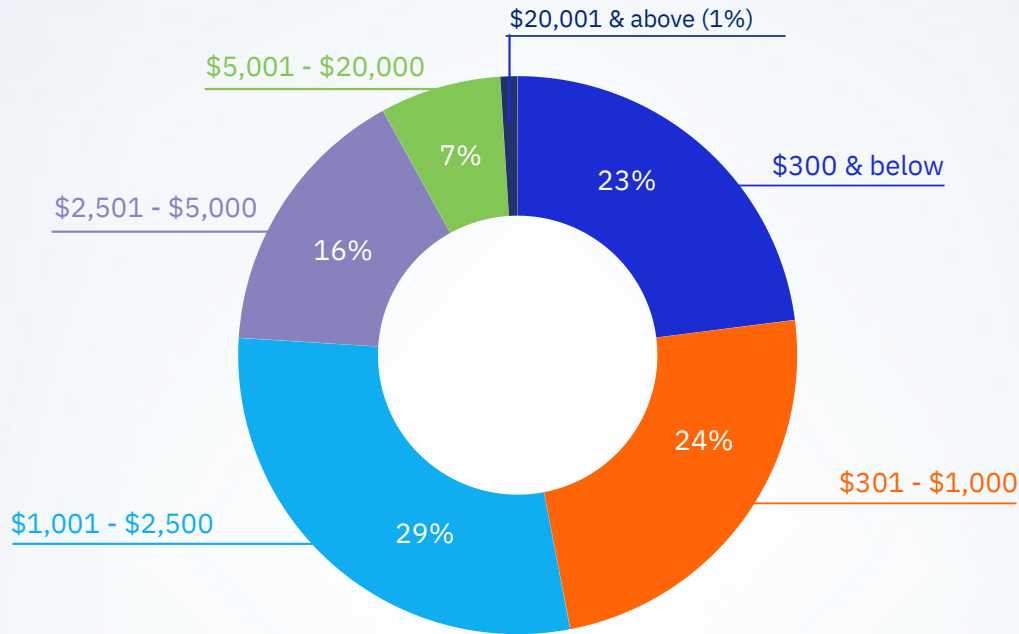

Thanks to your support, Lisa's family is able to receive the necessary milk formula and feeding bags to ensure sufficient nutrient support for Lisa.

*Name has been changed.

BY FUNDING AMOUNT

Based on application data

Funding amount is decided based on financial assessment by Medical Social workers.

BY CONDITION

Based on dollar amount supported

There is a growing number of beneficiaries with chronic conditions.

Kidney

Your Gift Matters!

Madam Yanti, a 48-year-old single parent with four children, started experiencing back pain five years ago. Despite undergoing two surgical procedures, her neuropathic pain progressively worsened and she had to stop work in 2021. Her two elder children had to take on the financial responsibilities for the family while the two younger children took on household chores after school.

Incapacitated from the pain, Madam Yanti also suffered from depression. Fortunately, she was identified as a viable candidate for Spinal Cord Stimulation Treatment (SCS), a medical therapy that involves the implantation of a device that delivers low voltage electrical current to the spinal cord to modify pain signals. Through the support of donors, Madam Yanti underwent the full implant in early March 2023.

Since the surgery, Madam Yanti's neuropathic pain has mostly disappeared and she is able to resume some of her former activities, including taking care of the home for her children. Her children share that her mood is better and she is able to smile and laugh again. She is extremely grateful for the support and is planning to go back to work to care for her family.

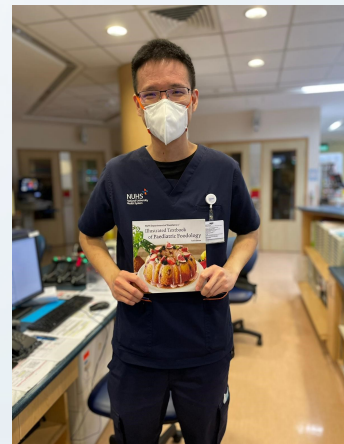

**"Your donation has made a real difference in my life, and I am deeply grateful for your kindness and generosity."
- Mdm Yanti**
